

	Points possible	Points earned	Comments
Is the report submitted and printed in the correct format? (e.g., COLOR)	5		
Part 1			
<i>Design 1</i>			
Image	2		
Visual design type	1		
Name of tool	1		
Country, year	1		
Visual mappings	2		
Unique observation	2		
Data preparation	1		
<i>Design 2</i>			
Image	2		
Visual design type	1		
Name of tool	1		
Country, year	1		
Visual mappings	2		
Unique observation	2		
Data preparation	1		
<i>Design 3</i>			
Image	2		
Visual design type	1		
Name of tool	1		
Country, year	1		
Visual mappings	2		
Unique observation	2		
Data preparation	1		
<i>Design 4</i>			
Image	2		
Visual design type	1		
Name of tool	1		
Country, year	1		
Visual mappings	2		

	Points possible	Points earned	Comments
Unique observation	2		
Data preparation	1		
<i>Design 5</i>			
Image	2		
Visual design type	1		
Name of tool	1		
Country, year	1		
Visual mappings	2		
Unique observation	2		
Data preparation	1		
Part 2			
Does the student supply a treemap? (y/n)			
Does the student provide a helpful description of how they prepared the data?	1		
Which software tool is used?	1		
Does the student state what color is mapped to?	1		
Is the color-map description correct?	1		
Does the color make sense?	1		
Does the treemap contain a hierarchy?	2		
Does the student state what leaf node size is mapped to?	2		
Is the lowest level rectangle (leaf node) description correct?	1		

	Points possible	Points earned	Comments
Is the mapping of treemap node to size described correctly?	1		
Is a correct description of leaf node layout or position provided?	1		
Does the student state what internal nodes are mapped to?	2		
Is the description of internal nodes correct?	1		
Does the student describe what internal node size is mapped to?	1		
Is there any label or legend provided/ Is any legend displayed? (y/n)			
Has a unique observation about the underlying data provided and is it correct?	2		
Which treemap node layout algorithm is used?	2		
Part 3			
Does the student supply their VisGuides.org username?	5		

	Points possible	Points earned	Comments
Does the student supply a VisGuides.org screen shot with their username shown?	5		
Does the student provide a helpful and complete description of their visual design and howthey prepared the data?	5		
Has visualization reference material been cited?	5		
Has a sensible question been asked?	5		
Has anyone answered their question?	5
